Bowles & Verna LLP installs WORLDOX GX

Firm Selected Worldox GX for document management

January 7, 2008, Hollister, CA – Baker+Cadence | Solutions, a leading integrator of the WORLDOX document management software in the Western states, announces the completion of the installation of WORLDOX GX at Bowles & Verna, a 42 person law firm in Walnut Creek, California.

The firm selected WORLDOX GX over other document management solutions because of superior e-mail management features and integration with Outlook. This is the first document management system installed in the firm. They were pleased with the lower cost of installation and support of Worldox versus other document management systems.

Baker+Cadence Solutions provided the consulting services on the project including the WORLDOX software installation and configuration, the text indexing of their document repository, and the user training and post-training user support.

Bowles & Verna LLP (www.bowlesverna.com) is a 21 attorney firm located in downtown Walnut Creek. The firm is a general civil practice law firm with a strong emphasis in civil litigation and dispute resolution. The firm also serves a growing number of companies as business and corporate counsel

Baker+Cadence Solutions (www.bakercadence.com) with offices in Hollister and Sacramento, California, is a leading provider of technology solutions to law firms and corporate legal departments in the Western states. The firm is an integrator and certified reseller of the WORLDOX document management software from World Software Corporation, Ridgewood, NJ (www.worldox.com).

Questions or clarifications that occur about this press release and WORLDOX GX can be directed to (888) 444-4250.
