Solomon Ward Seidenwurm & Smith installs WORLDOX GX

Firm converts from PC Docs to WORLDOX GX.

January 7, 2008, Hollister, CA – Baker+Cadence | Solutions, a leading integrator of the WORLDOX document management software in the Western states, announces the completion of the installation of WORLDOX GX at Solomon Ward Seidenwurm & Smith, a 60 person law firm in San Diego, California. The installation included the conversion of over 400,000 documents that were previously in the firm's PC Docs document management system.

The firm selected WORLDOX GX over other document management solutions because of superior e-mail management features and integration with Outlook. They were also impressed with the speed of text searches in WORLDOX versus their prior system.

Baker+Cadence Solutions provided the consulting services for the document conversion, WORLDOX software installation and configuration, and the user training on the project.

Solomon Ward Seidenwurm & Smith (www.swsslaw.com) is a 32 attorney firm located in downtown San Diego. Clients of Solomon Ward include Fortune 500 companies, commercial and investment banks, large real estate and property management companies, large and emerging high-technology corporations and individual entrepreneurs.

Baker+Cadence Solutions (www.bakercadence.com) with offices in Hollister and Sacramento, California, is a leading provider of technology solutions to law firms and corporate legal departments in the Western states. The firm is an integrator and certified reseller of the WORLDOX document management software from World Software Corporation, Ridgewood, NJ (www.worldox.com).

Questions or clarifications that occur about this press release and WORLDOX GX can be directed to (888) 444-4250.
